

Equine Interstate Event Permit Program

State Exceptions

The event permit shall be valid and accepted by each state which has entered into this agreement. States may agree to participate contingent upon the owner meeting exceptions to the provisions of the general agreement as listed below. Exceptions by states may be added or deleted by written notification to all participating states. Information on exceptions shall be provided to applicants at the time of application.

Exceptions at the time of the general agreement are:

1. Owner/transporter must carry a functional microchip scanner for horses utilizing microchips as the identification method when entering the states of Florida, Kentucky, Georgia, North Carolina, Oklahoma and Virginia.*
2. Digital photographs are not an acceptable form of identification for entry into Louisiana.
3. A VS Form 10-11 or other equivalent document with negative test results within the previous seven (7) months is required for travel to Arkansas or Oklahoma.
